

Current Opening – Esthetics/Master Esthetics Educator

Are you a licensed Esthetics or Master Esthetics Educator looking for a place to call home? Paroba College is looking for licensed educators to join our team. The esthetics industry continues to grow, and education is in high demand. We are looking to add to our solid group of experienced teachers to meet this need.

Paroba College has educated estheticians since 2008, and in 2016, we opened a new training facility in Everett. As the industry evolves, so do we. Our curriculum includes sugaring, airbrush makeup, and lash extensions on top of the standard requirements. Our Master Estheticians receive training in an actual laser clinic environment. Our facility has dedicated classrooms with interactive white boards. We support our educators with the tools they need to teach and the latitude to be creative.

You'll be right for us if you are

- A Licensed Instructor in the state of Washington for Esthetics or Master Esthetics
- Someone who likes working on a team
- Knowledgeable about current techniques, services, and products
- Confident working both independently and collaboratively
- Open to learning new skills and techniques
- A strong communicator who can effectively share your knowledge
- Committed to student growth and success

Your daily duties will include:

- Teaching theory and techniques
- Guiding and advising students
- Consulting with clients to ensure proper services and products are offered
- Working with other faculty to develop teaching methods and classroom activities
